

## PARKWAY TREE PROGRAM

The Parkway Tree Program allows residents to share the cost of planting trees with the Village Arborist and to work with the Village Arborist to select the right tree species for the site. Parkway tree options are available on the website, [montgomeryil.org](http://montgomeryil.org).

Trees will be planted in the parkway and remain Village property. Residents are encouraged to provide additional watering to ensure proper tree establishment, as no replacement guarantee exists.

This is a voluntary program that is offered annually. Planting takes place in the spring and fall each year. Those interested in participation must complete and return this application and a \$250 payment (cash or check) to the Village of Montgomery Forestry Division. Payment is required at the time of application. Checks should be made payable to the Village of Montgomery.

Return the completed form (with payment) to:

**MONTGOMERY VILLAGE HALL | 200 N. RIVER ST. | MONTGOMERY, ILLINOIS 60538**
