

# Parkway Tree Program

## Program Details:

Through the Parkway Tree Program, the Village of Montgomery shares the cost of planting trees with residents. Residents will work with the arborist on the species that will best fit the site, visit [MontgomeryIL.org](http://MontgomeryIL.org) for tree options.

Trees will be planted in the parkway and will remain Village of Montgomery property. Residents are encouraged to provide additional watering to ensure the proper establishment of the tree. Trees have no replacement guarantee.

This is a voluntary program that will continue on an annual basis, with planting taking place in the Spring and Fall each year. To participate in the program, mail the completed form (below) with \$150.00 payment to the **Village of Montgomery, Parkway Tree Program, 200 N. River St., Montgomery, IL 60538**

Checks should be made payable to the Village of Montgomery.

## Approved Tree Species:

Tree species and location within the parkway will be evaluated by Village staff on a case-by-case basis. There is a limit to the number and species of trees that can be planted each year, all requests for replacement trees will be handled on a first-come, first-served basis.

The current cost of participation for the resident is \$150 per tree. Payment must be received with the application.

If you have any questions or would like to speak with the arborist,  
call Department of Public Works at (630) 896-9241

## Parkway Tree Donation Program
